

XI. Programming Policy

To facilitate fulfillment of the Forest Lodge Library's Vision Statement to be "the learning center of our community and the place people turn to for the discovery of ideas, the joy of reading and the power of information" the board shall annually, in conjunction with the library director, establish a budget and goals for programming events.

A "program" is a planned interaction between the library staff and/or a presenter and the program participants for the purpose of promoting library materials, facilities, or services, as well as offering informational, entertaining, or cultural experiences. Efforts shall be made to offer programming to all age-groups in the service population. Programming events may take place at the library, the school or at other suitable venues in the community or may be offered via the internet.
