

XIX. Revision of Library Policies

It shall be the practice of the Forest Lodge Library Board of Trustees to review each Library Policy within five years of its adoption date and amend as necessary. Policies which should be reviewed more frequently will be so identified, although any Policy may be reviewed at any time, should the need arise. Additional policies shall be developed and adopted as required.

Policies undergoing review shall be given a "first reading and possible approval" which may be followed by a "second reading and possible approval" in the subsequent month unless the language requires further discussion. There shall be no limitation on the length of time a Policy may be discussed before a vote to approve.
