

THE FOREST LODGE LIBRARY ... SINCE 1925

The Next Century. A New Home. Same Mission.

Public libraries are essential to healthy communities, providing valuable resources and services, all free of charge. They depend on public funds, a source that is not necessarily stable or guaranteed.

It is very exciting to see our new library take shape! The new facility will enable the Forest Lodge Library to offer additional and enhanced services considered integral to a contemporary library: private study rooms and meeting spaces, business services, printers and scanners and other tech tools. In addition, the library will maintain a quality collection, offer dynamic programming opportunities, and will be fully accessible per the Americans with Disabilities Act. The adjacent municipal parking area will improve safety and access for everyone.

The generous support of our communities and the receipt of the Wisconsin Department of Administration Federal Flexibility Grant have provided sufficient funding to complete the construction and furnishing of the new facility.

What is not ensured is continued public funding sufficient to maintain the levels of service our community expects of the Forest Lodge Library. The Next Century Fund, launched by the Katie Flowers Endowment, will guarantee that our library is sufficiently funded now and into the future. As the library celebrates the dawn of its next century of service, please consider becoming a founding member of the Next Century Fund.

The Katie Flowers Endowment thanks you for your support of and commitment to the Forest Lodge Library. Gifts like yours have made the new library and this exciting new chapter possible.

Make the Forest Lodge Library's Next Century Fund part of your annual giving plan.

Your Library. Your Community. Your Gift Matters.
